

Save time and money with EFT.

Five reasons to try EFT

EFT saves you time.
No check to write. No bill to mail. No worrying about payments reaching us on time. Premium payments are automatically withdrawn from your checking or savings account each month.

EFT keeps you informed.
Every month, you receive an easy-to-read notice on the status of your policy(s), such as:

- policy starting and expiration dates
- any changes you made to your policy(s)
- previous payments and the current installment amount and withdrawal date

EFT is guaranteed.
Your payments can't get lost. Even if you are out of town, your payments will reach us on time.

EFT saves you money.
It's free. There's no monthly service charge. You even save a few dollars in postage each year. And smaller monthly payments make paying your premiums more affordable.

EFT is yours for the asking.
If you would like to switch to EFT payments, just complete the detachable section of this brochure. Return it to us with a voided check or deposit slip (and payment for the current Minimum Due on existing accounts). You can always cancel EFT and go back to sending us payment checks, if you desire.
