CIA Financial Group Introduces Pre-Paid Legal Services:

Shelby Township-based financial services company offers affordable alternative for Michigan residents seeking legal representation

Shelby Township, MI (February 22, 2006) – There comes a time in everyone’s life when you seek the advice and guidance of an attorney. Whether you were in an auto accident, are about to sign a lease, or negotiate a contract for your business, attorney’s are required to ensure your legal rights are upheld. But for many people, an attorney’s fees are prohibitive and may severely limit a person’s ability to gain fair representation - until now.

CIA Financial Group, based in Shelby Township, MI, and a premier provider of comprehensive financial services, is implementing a new service that will make legal representation more affordable for the average consumer in Michigan.

For a low, annual fee, a consumer pays for legal representation in advance. A team of attorneys are then “on call” for advice and guidance on a wide range of important issues, including Wills, audits, speeding tickets, home purchases, contracts, and many more issues. Upon signing-up for service, consumers will receive a membership card with a toll-free number to a designated law office. That office assists the consumer with virtually any legal issue they have.

“Pre-Paid Legal Services are intended to help those people without the financial resources of the more affluent Michigan residents,” said Samuel Crudo, president of CIA Financial Group. “When people ask us to work with them on their financial concerns, whether they involve personal insurance, investment management, or mortgages, we notice a common issue. Many

people have been wrongly treated by previous advisors, but never had the legal support to do anything about it. With Pre-Paid Legal Services, they now have an alternative.”

CIA Financial Group has also adopted the program - *Identity Theft Shield*SM - a service that monitors personal credit and information and provides for assistance in the event that the consumer’s identity is stolen. This exciting service is available for a one-time enrollment fee of \$10 and payments of \$12.95 per month.
