

## BUSINESS OWNERS POLICIES

*What are Business Owners Policies (BOP)? Business Owners Policies (BOP) are designed to combine protection from all major property and liability risks, including business property, business interruption, and liability. They are ideally suited for small and mid-sized businesses because a unique policy is created for businesses that generally face the same kind and degree of risk. Larger companies might purchase a commercial package policy or customize their policies to meet the special risks they face.*
